

United Schutzhund Clubs of America

Advertising Opportunities

Welcome

Thank you for showing interest in the United Schutzhund Clubs of America. The United Schutzhund Clubs of America (USCA) is pleased to invite you to join us in an Advertising Partnership. We are committed to offering our members unique opportunities and quality products. We are reaching out to you because we believe your products are superior in your industry and are able offer great value to our members.

Schutzhund, developed in Germany in the early 1900's as a breed suitability test for the German Shepherd Dog (GSD), was designed to test the natural instincts of the breed and to help ensure that breeding stock would pass on the most desirable traits to working dogs. During the testing, the working abilities of the dog are tested in three phases: Tracking, Obedience, and Protection.

Over the past century, Schutzhund has remained a breed test. It has also evolved into a working dog sport that offers an opportunity for dog owners to train their dog and compete with each other for recognition of both the handler's ability to train and the dog's ability to perform as required. It is a sport enjoyed by persons of varied professions, who join together in a camaraderie born of their common interest in working with their dogs. Persons of all ages and conditions of life, including those with significant disabilities, enjoy Schutzhund as a sport. Often, it is a family sport.

USCA, founded in 1976, is one of the world's premier working dog organizations. Our mission, to protect and preserve the heritage of the German Shepherd dog in the United States with respect to the breed standard through Schutzhund training, is embraced across the country by our continually growing membership.

USCA promotes responsible dog ownership, humane training methods, and the working heritage of the GSD. These aspects are shown through evaluations of prospective breeding stock for breed-worthiness through training, titling, conformation shows, and breed surveys.

USCA is an organization of dog trainers. More than 60% of our 3,800 members are engaged in training, breeding or both on a professional basis. Which means the USCA sphere of influence is easily more than 20 times our total membership, as we all know, personal referrals are one of the best advertising mechanisms available. A sponsorship with USCA is not only a tremendous opportunity to reach thousands of customers through direct advertising, but also through our membership actively promoting your products.

USCA has some outstanding opportunities for you to present your products to a very distinct and targeted audience.
