

“Show in a Box” – conformation show equipment rental

Coming Summer, 2019! USCA will be offering a “show in a box” rental. This box will include essentials to host your conformation show if your club does not have all of the required equipment. USCA will start with one box and if it is rented frequently, we will add another box as we see necessary. There will be a rental fee for this box and clubs will be responsible for shipping from/back to USCA office.
