Re: Reconsideration of Charges Filed Against Mark Scarberry on January 9, 2020.

On May 23, 2020 the Directors at Large ("DAL") sustained the appeal by Mark Scarberry of the decision of the Board of Inquiry dated April 16, 2020.

As required by the Bylaws, the Board of Inquiry has reviewed this matter again, including the appeal.

After further deliberation, and in light of the fact no further information or evidence was provided by the DAL, the BOI has determined by majority vote that the original recommendation of the BOI in this matter stands.
